BEACON 2.0 System

Overview

The Maryland Department of Labor's Division of Unemployment Insurance is excited to announce that the fully modernized **BEACON 2.0 unemployment insurance system will be launching for claimants on Sunday, September 20, 2020 at 12:01 a.m. and for employers on Monday, September 21, 2020 at 8:00 a.m..**

- [Claimant BEACON application](#)
- [Employer BEACON application](#)
- [Third party agents BEACON application](#)

BEACON 2.0 is a multi-year project dating back to 2015 that integrates all benefits, appeals, tax, and reemployment functions of the unemployment insurance system. BEACON 2.0 is replacing a legacy mainframe IT system that is several decades old.

In addition to all that claimants can already accomplish in the current BEACON One-Stop application, launched to accommodate the unprecedented surge of new claims during the COVID-19 pandemic, the BEACON 2.0 system will offer claimants and employers dozens of new online features.

Action Needed by Claimants

It is extremely important to note that Maryland's current unemployment insurance system will need to be taken offline from September 20, 2020 at 12:01 a.m. to move the data from the legacy mainframe system to the new BEACON 2.0 system.

During this period, the Division will be unable to process claimant self-certifications, whether online or by phone. While the Division will be able to answer general inquiries by phone to answer general inquiries, but they will not be able to answer specific questions about claims. Benefit payments will not be issued during this period.

If you were unable to file a claim certification during that time period, do not be alarmed. The Division is providing an additional 6 days to file the following week and will accept your weekly claim certification for the week ending September 12 until Friday, September 25.

The Lost Wages Assistance (LWA) self-certification cannot be completed during the offline period, but will be available to complete when BEACON 2.0 goes live on Sunday, September 20 at 12:01 a.m. LWA supplemental payments will not be made until you have completed the self-certification.

Download the Claimant Mobile App

The BEACON mobile app called “MD Unemployment for Claimants” is available to download for free from the iOS App Store or Google Play Store. The mobile app allows claimants to easily file their weekly claim certifications, view and update claimant information, and more directly from their mobile device. To download the app in the [iOS App Store](https://bit.ly/AppStore), please visit <https://bit.ly/AppStore>. To download the app in the [Google Play Store](https://bit.ly/GooglePlayStore), please visit <https://bit.ly/GooglePlayStore>.

Extended Phone Hours for BEACON Launch

To assist claimants during the BEACON launch, our call center hours have been extended on Sunday, September 20, 2020 to now be open from 8:00 a.m. to 6:00 p.m. and on Saturday, September 26, 2020 to now be open from 8:00 a.m. to 6:00 p.m.

Need Help?

For questions regarding BEACON 2.0, please e-mail UI.Inquiry@maryland.gov, file an inquiry using our new [Inquiry Form](#) or call an agent at 667-207-6520. Please include your full legal name, complete address, phone number, e-mail address, the last four digits of your Social Security number, claimant ID number, and/or a brief description of the issue you are experiencing.

Features

The new BEACON 2.0 system offers dozens of new features and will greatly improve the user experience for both claimants and employers. Check out the new functionalities and upgraded features below:

Claimant and Employer Contact Information

The Division of Unemployment Insurance's website and call centers are currently experiencing an unprecedented volume of users due to COVID-19. This may result in longer than usual wait times. We apologize for any inconvenience and thank you for your patience during these uncertain times.

Please be assured that Maryland does not have a waiting week like many other states do. No matter when or how they file, Marylanders become eligible for benefits starting the day after they separated from employment. Your payment will be backdated to the date you became unemployed, not when your claim was processed. If you are determined to be eligible, you will be paid for all benefits due.

\$300 Lost Wages Assistance Program Available September 11

The Lost Wages Assistance (LWA) program, which provides an additional \$300 per week to Marylanders who are unemployed due to the COVID-19 pandemic, launched ahead of schedule on Friday, September 11. After being initially approved for three weeks of LWA funding, Maryland has been approved by the Federal Emergency Management Agency (FEMA) for three additional weeks, for a total of six weeks of \$300 federal payments.

To qualify for the \$300 in federal benefits retroactive to the weeks ending August 1, 2020 through September 5, 2020, the federal program requires that claimants be eligible for a weekly benefit amount of at least \$100. Claimants will not need to file a separate application and will be notified of their eligibility for the LWA program in their [BEACON portal](#) and by e-mail. Upon logging into their BEACON portal, eligible claimants will be prompted to self-certify that they are unemployed or partially unemployed due to disruptions caused by COVID-19. Claimants may also use the mobile app to complete the self-certification.

The [self-certification](#) can only be completed once, so please review and answer carefully. If a claimant completes the self-certification incorrectly, they will not be able to correct it without the assistance of an agent. If claimants are NOT monetarily eligible for the LWA program, then they will not be presented with the self-certification and cannot apply for LWA benefits because they are ineligible.

After certifying that they have been unemployed or partially unemployed due to disruptions due to COVID-19, claimants will receive a lump sum payment retroactive to their earliest date of eligibility within the LWA program within 1-2 days. This payment may be on a different day than a claimant regularly receives benefits. FEMA has stated that no additional funding will be available for states past the sixth week.

Per guidance from USDOL, FEMA will fund the \$300 per week benefit and Maryland will fulfill the 25% state match through funding that is already paid to claimants in regular unemployment insurance benefits.

A claimant filing a new application for unemployment insurance benefits will have the opportunity to complete the self-certification form during the initial application process. However, the claimant must still meet the eligibility requirements in order to receive the LWA federal benefits.

For more information about the Lost Wages Assistance program, please see our [Frequently Asked Questions](#).

Extended Benefit Unemployment Insurance Program

Under federal and state law, the Extended Benefits program is now available for claimants who have exhausted both their 26 weeks of regular unemployment benefits and 13 weeks of the Pandemic Emergency Unemployment Compensation (PEUC) assistance. The extended benefit period began on May 31, 2020, but was not payable until recently due to the requirement that claimants exhaust PEUC before receiving extended benefits.

Upon exhausting regular and PEUC benefits, Labor will issue written notification to all potentially eligible claimants informing them they can apply for the Extended Benefits program in their BEACON portal. If a claimant is determined to be eligible, the weekly benefit amount will be the same as the claimant received under the regular and PEUC programs.

CARES Act Unemployment Insurance Programs

The federal government passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included an expansion of unemployment insurance benefits for Marylanders. Please read our [CARES Act FAQs](#) for more information about benefit eligibility, duration, and amounts.

COVID-19 Work Search Exemption

Due to the state of emergency proclaimed by the Governor of Maryland, and the labor conditions across the state of Maryland, the Secretary of the Maryland Department of Labor (Labor) has ordered a temporary exemption from the work search requirement for individuals receiving unemployment insurance benefits.

Labor will exempt all current and new unemployment insurance benefit recipients from the requirement to actively seek work while Maryland is in a declared State of Emergency and for thirty (30) days after. However, recipients MUST CONTINUE TO FILE WEEKLY CLAIM CERTIFICATIONS, either through the [online Weekly Claim Certification](#) or by calling 410-949-0022.

When you file your certification, you will be asked whether you have searched for work. Please respond accurately. Because of the exemption, even if you answer “No,” you will still receive your benefits. If you have questions about the exemption, please visit our [Work Search Exemption FAQs](#). If you have questions about filing your weekly claim, please visit our [Weekly Claim Certification FAQs](#).

Claimants who are selected to participate in a federally-required reemployment workshop during this period will be required to complete a one-on-one telephone session with a reemployment facilitator. However, claimants will not be required to complete the activities detailed in their Individual Reemployment Plan (IRP) until the state of emergency has been lifted.

I Understand

Direct Deposit / Debit Card

In order to receive Unemployment Insurance Benefits, you must select a method to receive your benefits payment.

There are two choices: **Direct Deposit** or **Prepaid Debit Card**.

Direct Deposit means your benefits will be deposited directly to your own existing bank account. Please be prepared to provide your bank account information during enrollment.

Prepaid Debit Card means you will receive your benefits on a debit card mailed to you by a third-party vendor. Prepaid Debit cards can be used at ATMs and merchants that accept prepaid debit cards for payment.

Federal Law requires that any fees related to using your prepaid debit card are disclosed to you before you select the prepaid debit card as the method to receive your benefits payment.

Be sure to review before selecting debit card.

Please read and acknowledge that you have reviewed.

UNEMPLOYMENT

Unemployment insurance benefits provide temporary financial assistance to workers unemployed through no fault of their own that meet West Virginia's eligibility requirements. In order to qualify for this benefit program, you must have West Virginia wages during the past 12 to 18 months and have earned at least a minimum amount of wages as determined by West Virginia's guidelines. You must also be able to work and available for work each week that you are collecting benefits. Eligibility for unemployment compensation will be determined during the process of filing a claim. Individuals who are unsure if they qualify should still apply.

Unemployment compensation claimants can file weekly claim certifications online, view claim information, including six weeks of payment history, and apply for direct deposit of their benefits. Employers can file quarterly wage reports, pay contributions and delinquent payments online, and register for electronic submission of separation information.

Appeals made to the Unemployment Compensation Division are heard and decided upon by the Board of Review.
